Dear Sandra

VOLUNTARY SUSPENSION

We refer to the trading halt on the securities of Red 5 Limited (Company) and hereby request a voluntary suspension of trading, pending release of an announcement following assessment of the impact on operations from a significant movement of material from the eastern wall into the open pit at the Siana Gold Project.

No injuries occurred and no equipment was damaged. Ore processing is continuing using the existing ore stockpile. Access ramps to the pit floor have not been affected and some ore is accessible at the base of the pit. However, significant impacts on future mining operations and the mine schedule are expected.

The voluntary suspension is sought until the release by the Company of an announcement regarding the initial assessment of the impacts. The Company expects to be in a position to make an announcement within the next week.

The Company is not aware of any reason why the voluntary suspension should not be granted.

Yours faithfully

FRANK CAMPAGNA
Company Secretary
