DIRECTORS' REPORT

The directors of Red 5 Limited ("Red 5" or "parent entity") present their report on the results and state of affairs of the Group (consisting of Red 5 and its controlled entities) for the half year ended 31 December 2009.

DIRECTORS

The names of the directors of Red 5 in office during the course of the financial period and at the date of this report are as follows:

Colin George Jackson
Gregory Charles Edwards
Allen Lance Govey
Peter William Rowe
Gary Francis Scanlan

Unless otherwise indicated, all directors held their position as a director throughout the entire financial period and up to the date of this report.

RESULTS OF OPERATIONS

The net loss of the Group after provision for income tax was \$600,179 (2008: \$328,888)

REVIEW OF OPERATIONS

Significant progress was made during the period on the technical and financial evaluation and planned development of the Siana gold project in the Philippines, including the approval of a bankable feasibility study, the receipt of key development permits, a capital raising for the equity financing component of project development, the mandating of a banking group to provide project debt financing and the commencement of early infrastructure activities.

A bankable feasibility study for the construction and development of an open pit and underground mining operation at the Siana project was approved by the Board of Directors of Red 5 in July 2009. A Notice to Proceed was awarded by the Philippines Mines and Geosciences Bureau on 20 November 2009. This approval completes the final key Philippine regulatory permit required for the development of the Siana project.

A banking group was awarded the mandate to provide a project financing package of up to US\$40 million for the development of the Siana project, subject to normal due diligence and credit approval processes. Board approval was given for early infrastructure expenditure on the refurbishment of the existing ball mill, the construction of a mine access road and other civil works.

In December 2009, Red 5 raised equity funds of \$44,950,000 before costs, through a share placement of 290,000,000 ordinary shares at an issue price of 15.5 cents per share. The placement was conducted in two tranches with the first tranche of \$15,190,000 completed on 10 December 2009. The second tranche of \$29,760,000 was completed subsequent to the end of the half-year, following shareholder approval on 21 January 2010. Funds raised from the placement will be used as the equity contribution for the development of the Siana project, to carry out further exploration programmes and as additional working capital.

Preliminary exploration activities were carried out on the Mapawa project during the period and a drilling programme commenced in December 2009.

AUDITOR'S INDEPENDENCE DECLARATION

A copy of the auditor's independence declaration as required under Section 307C of the Corporations Act is included immediately following the Directors' Report and forms part of the Directors' Report.

EVENTS SUBSEQUENT TO THE END OF THE HALF YEAR

Subsequent to shareholder approval at a general meeting of Red 5 held on 21 January 2010, 192,000,000 ordinary shares were issued at 15.5 cents each to raise net proceeds of \$28.17 million.

**CONDENSED NOTES TO THE FINANCIAL STATEMENTS
FOR THE HALF YEAR ENDED 31 DECEMBER 2009**

1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

Red 5 Limited ("parent entity") is a company domiciled in Australia. The interim half year financial report for the six months ended 31 December 2009 comprises the parent entity and its controlled entities (together referred to as the "Group").

The half year financial report does not include full note disclosure of the type that would be normally included in an annual financial report. The half year financial report should be read in conjunction with the annual financial report as at 30 June 2009. The half year financial report should also be read in conjunction with any public announcements made by Red 5 Limited and its controlled entities during the half year in accordance with continuous disclosure obligations arising under the Corporations Act 2001.

STATEMENT OF COMPLIANCE

The consolidated interim financial report has been prepared in accordance with AASB 134 Interim Financial Reporting and the Corporations Act 2001.

The interim financial report does not include all of the information required for a full annual financial report, and should be read in conjunction with the consolidated annual financial report of the Group as at and for the year ended 30 June 2009.

Accounting Standards not Previously Applied

The Group has adopted the following new and revised Australian Accounting Standards issued by the AASB which are mandatory to apply to the current interim period. Disclosures required by these Standards that are deemed material have been included in this financial report on the basis that they represent a significant change in information from that previously made available.

Presentation of Financial Statements

AASB 101 prescribes the contents and structure of the financial statements. Changes reflected in this financial report include:

- the adoption of a single statement approach to the presentation of the Statement of Comprehensive Income; and
- other financial statements are renamed in accordance with the Standard.

As a result, the Group presents in the consolidated statement of changes in equity all owner changes in equity, whereas all non-owner changes in equity are presented in the consolidated statement of comprehensive income. This presentation has been applied in these condensed interim financial statements as of and for the six months period ended on 30 June 2009.

Comparative information has been re-presented so that it also is in conformity with the revised standard. Since the change in accounting policy only impacts presentation aspects, there is no impact on earnings per share.

Operating Segments

From 1 July 2009, operating segments are identified and segment information disclosed on the basis of internal reports that are regularly provided to, or reviewed by, the group's chief operating decision maker which, for the Group, is the board of directors. This change in accounting policy is due to the adoption of AASB 8 *Operating Segments*. Previously operating segments were determined and presented in accordance with AASB 114 *Segment Reporting*. The new accounting policy in respect of segment operating disclosures is presented as follows:

Comparative segment information has been re-presented in conformity with the transitional requirements of IFRS 8. Since the change in accounting policy only impacts presentation and disclosure aspects, there is no impact on earnings per share.

**RED 5 LIMITED
AND CONTROLLED ENTITIES**

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the Board to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Board include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate assets (primarily the Company's head office), head office expenses, and income tax assets and liabilities.

Segment capital expenditure is the total cost incurred during the period to acquire property, plant and equipment, and intangible assets other than goodwill.

ESTIMATES

The preparation of the half year financial report requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these results. In preparing the half year financial report, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation were the same as those that applied to the consolidated financial report as at and for the year ended 30 June 2009.

DIRECTORS' DECLARATION

In the opinion of the directors of Red 5 Limited:

1. the financial statements and notes set out on page 5 to 12 are in accordance with the Corporations Act 2001, including:
 - (a) giving a true and fair view of the financial position of the Group as at 31 December 2009 and of its performance, as represented by the results of its operations and cash flows for the half year ended on that date; and
 - (b) complying with Australian Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001; and
2. there are reasonable grounds to believe that the parent entity will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the directors.

G C Edwards
Director

Perth, Western Australia
15 March 2010

Independent auditor's review report to the members of Red 5 Limited

Report on the financial report

We have reviewed the accompanying half-year financial report of Red 5 Limited, which comprises the statement of financial position as at 31 December 2009, statement of comprehensive income, statement of changes in equity, and statement of cash flows for the half-year period ended on that date, a statement of accounting policies and other explanatory notes and the directors' declaration of the Group comprising the company and the entities it controlled at the half-year's end or from time to time during the half-year period.

Directors' responsibility for the half-year financial report

The directors of the company are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of Interim and Other Financial Reports Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Group's financial position as at 31 December 2009 and its performance for the half-year period ended on that date; and complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As auditor of Red 5 Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Red 5 Limited is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2009 and of its performance for the half-year period ended on that date; and
- (b) complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
